(Set-up on Tuesday 25 November 2025)

Location: QEII Centre, London, SW1P 3EE

The Winter Scientific Meeting is the highlight of our professional calendar and is a great opportunity to showcase the very best of UK and international respiratory medicine. The programme aims to cover the breadth of the specialty and to highlight the latest advances in clinical, translational and basic science, providing superb science and education for all healthcare professionals and scientists who are working hard to improve the care of people with respiratory disease.

Along with the outstanding science, the Meeting provides an invaluable opportunity to network with colleagues old and new, from across the UK and internationally.

Book your stand now and be a part of this amazing event. Exhibit the very best that your company has to offer, and make the most of opportunities for those all-important one-to-one interactions with clinicians, allied health professionals and scientific colleagues.

The exhibition hall will also include refreshment points and a snack bar, as well as the abstract poster boards, in order to maximise footfall to the stands.
