

Care received by patients with Pneumonia: **National data collection**

This hospital is involved in a national project to help make the care of patients with Pneumonia better.

We will be collecting information about all patients admitted to this hospital with Pneumonia and the care they receive during **December 2018 and January 2019**. This includes confidential patient information.

This information will be used to help improve care for patients with Pneumonia.

This project is called the **National Adult Community Acquired Pneumonia Audit**.

For more information about participation or how to opt-out of the audit, please ask a member of the hospital team for a leaflet.
